# What is the NSLDC National Convention?

The National Student Leadership Diversity Convention is the largest national gathering of student leaders and advisors to address the most critical topics of diversity and social justice challenging our campuses today. Through experiential workshops, keynote sessions, and round table discussions teams of students will explore various elements of diversity and how they affect themselves and their campuses. During the conference students will be guided through facilitated workshops to create a Campus Action Plan. Working together as a team, they will plan a program or event for their school, thus bringing back a piece of their NSLDC experience to their own college campus.
